

ServePoint

The stress-free way to schedule, connect and resource your volunteers

Serving in the local church is a great way to get planted, build relationships and grow - yet scheduling and coordinating volunteers can be overwhelming.

Now you can schedule, connect and resource your volunteers in one place. ServePoint is your single point of contact for your volunteers, team leaders, and event coordinators.

WHAT MAKES US DIFFERENT?

Clean

ServePoint's clean, fresh design makes it really quick to get around and easy to get the information you need.

Simple

Servepoint handles all the complexities of availability, conflicts, declines, and eliminates the hassle that comes with scheduling.

Powerful

Despite the clean simple design, ServePoint has the power to manage multi-site churches, very large teams and all kinds of volunteer structures.

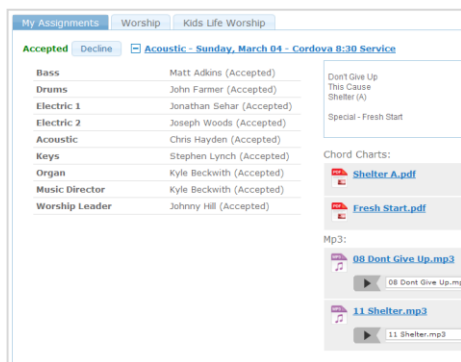

- ✓ **Cloud based – Access from anywhere**
- ✓ **Text message assignment alerts**
- ✓ **Easily schedule multiple services**
- ✓ **Team-specific details and resources**
- ✓ **Resource library**
- ✓ **Multi-site campus capabilities**

Accept / Decline instantly – Volunteers can be notified of their assignments by email and text-message. They can even accept their assignments right from the email without having to log in.

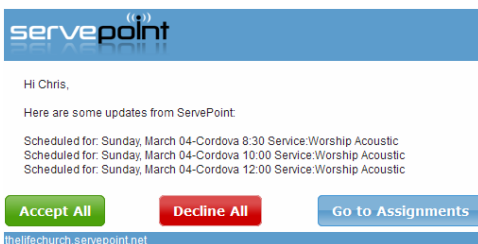

Schedules show everything a volunteer needs for their assignment – See who you are serving with, service notes and resources.

Communicate – Leaders can send emails/texts to their team, sub-team, or position. Announcements can be posted for a team or the entire church.

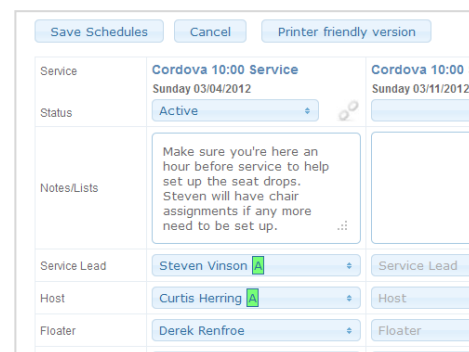

Equip your team – Store all of your resources in one place, and easily assign them to specific events. Volunteers can be equipped with PDF's check-lists, how-to videos, MP3's and more. You can also post long-term resources to their home page.
